

NEAR

Through **Vision '22**, Wooddale Church seeks to impart the hope of the gospel to 700,000 people *Here, Near, and Far* over the next 7 years and to provide a clear pathway to spiritual maturity.

Over the next 7 years, we will equip campus pastors and launch 5 more campuses. Multi-sites allow us to reach people where they live, in urban and suburban neighborhoods.

Where Generations Gather
Faith – Family – Friends

Multi-site simply means that we are ONE church in multiple locations. It has one board and one budget. By sharing resources like accounting, HR, ministry curriculums and service programming, it allows each site to focus on the ministry instead of the management of the church. This allows us to bring Wooddale Church to a part of our community that would otherwise not make the drive to our other campuses.

It is estimated that over 2.5 million people in the Twin Cities aren't attending church. By taking Wooddale Church to the Twin Cities, we are removing barriers and providing opportunities for us to live out our mission of making more disciples for Jesus.

An impressive 85% of multi-site churches are growing—and at the strong rate of 14% per year.

Most of the people who are connected here at Wooddale Church live within 15 to 20 minutes of our campuses. Strategically placing additional campuses around the Twin Cities allows Wooddale Church to be accessible to more people across the Twin Cities.

“Multi-site churches grow faster, have more lay participation and reach more new believers than single-site churches.”

88% of churches report that multi-site increased the role of lay participation.

Leadership Network Report 2014

The concept of having a multi-site church is not new. Churches across the globe are successfully implementing multi-site campuses. Across our country alone there are 5,000,000 people worshipping each week at 8,000 multi-site campuses.

Multi-sites allow Wooddale Church to be both a large church and a local church

Each time a site is launched, a team of leaders, both staff and lay-leaders, get involved. Wooddale can expect to see an increase in generosity and passion for outreach.

How to be involved

PRAY
For the multi-site team and the site searches
